

KADAM-2020

VISION:

The main objective of club (Team members) was to guide to the students of Class 10 , studying in Government schools in Secunderabad , regarding **Education & Career** for future.

PRIORITY

The project was guided and supervised by our lecturers Mrs. Anasuya Mam & Mrs. Karunasree mam who facilitated a team of **DIKSHUCHICLUB** which consist of **9 Degree final year students**, to visit around 10 schools and provide guidance on higher education and career options to the 10th class students after completion of SSC.

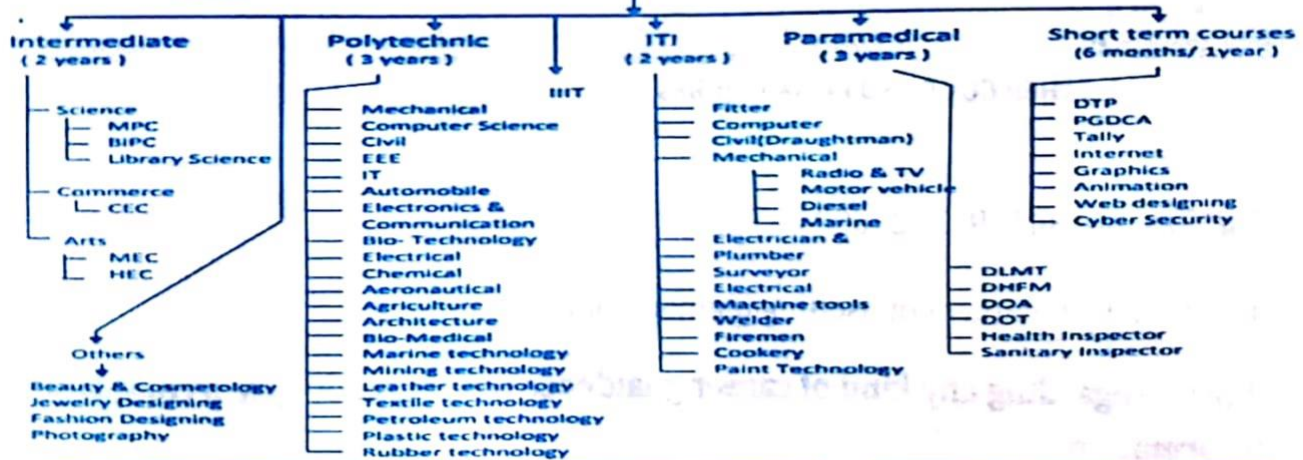

The student club was split into two teams, the first team covered the government schools in the area of Secunderabad and the second team visited the schools in the area of Rasoolpura. The two teams proposed about the project in various schools, presented the guidance program and handed out Pamphlets which consists of the basic knowledge of various options available for the students qualifying 10th class, pamphlets includes an official E-mail ID and contact numbers for students to reach-out in case of any queries. The project commenced on 27th January, 2020 and concluded it on 16th February, 2020. In each school, team members interacted with the students and explained about the various **Career & Education** options available to them after completing 10th Standard. The students of CLASS 10 were very happy to receive us and wanted to know more about the project. At the end of the session, pens were gifted to them and feedback was taken for analysis

5. Mahboob High School on 16 Feb2020

Images of the session:-

Conclusion:-The main motive of this project was to provide 'Education and Career Guidance' to 10th class students for their future. On the request of few school's management, we had conducted the same session for the 9th class students also. The Principals of the schools were also concerned with this initiative. The response from the students was splendid as they listened to each session with great interest and found it helpful.

THRUSTThe members of the "DIKSHUCHI CLUB" had a great exposure in interacting with students and staff of the different schools. The project helped the club members to study the current scenario of educational sector. The positive response from the students made the club members to carry the project forward to enlighten more students of many other schools in future. The main aim of serving the society has been fulfilled through this project initiation. The feedback analysis of the project by the students was excellent and highly satisfying.
